

Spiritual Development

- Learn familiar prayers
- Use music as a way to praise God.
- Participate in school wide religious celebrations for Advent and Lent.
- Read Bible stories to learn about the life of Jesus.
- Attend Mass

**“Let the little children come
to me.”**

Matthew 19:14

Testimonials of our program:

“I have been so thankful that both of our girls were able to attend the Early Childhood Program at St. Stanislaus. It is a wonderful program that served to aid in their social and academic maturity and helped them seamlessly integrate into the culture at St. Stanislaus, which I believe has contributed to their success as they progressed into kindergarten and beyond. Ms. Allison and staff do a wonderful job of creating an interactive learning environment to provide the kids with the opportunity to grow socially, academically and spiritually.” Michelle Sherry

“The Early Childhood program has exceeded all our expectations. The program provides a safe and nurturing environment, promotes kindergarten readiness, and incorporates faith formation in daily activities. We are proud supporters of the Early Childhood program.” Jodi and Jeff Berendzen

“When we first attended the Early Childhood program in 2013 with our son Taylor, I was living outside California, Mo. My husband and I were looking for a program that would teach our son about colors, shapes, reading, writing like all preschool programs do but we wanted to find a program that would teach about our faith too. The love that Taylor would come home with for the stories he heard and the love of Jesus he was taught about was exactly what we were looking for. We choose to drive to Wardsville and for a wonderful program that would help teach our son about faith as well as “school work”. As a parent, I entrust our greatest blessing to the staff at St. Stanislaus School. A great education is one of the best gifts we as parents can give to our children Over the last 5 years, I have had two children (1 child currently attending and is able to attend the program for 2 years) and hope to have our 3rd in a couple years attend too. The Early Childhood program gives my children the opportunity to experience that learning is fun at an early age, which is an important baseline for their success as they continue their academic careers. I am so grateful for the loving care and guidance that my children have received from Ms. Allison and staff at the Early Childhood program.” Jason and Crystal Miller

ST. STANISLAUS

Early Childhood Program

6410 Route W
Wardsville, MO

Project Construct

- ◆ Curriculum and lesson plans are implemented based on the students' interest.
